

STUDENTS @cambray

Going away to University is a fun and exciting time!

Establishing yourself away from home for the first time is daunting and amazing all at the same time. We want to be with you with that challenge, helping you grow in your love for the Lord and your witness for Him.

Student Focus is a chance each week during term time to take time out from everything else, come together and study God's word seeing how it applies to us.

If you would like to pair up with an older Christian or a family as your Mentor during your student years, we have great folk who will meet regularly with you to listen, pray and encourage.
